

May 30

We hope all had a wonderful Memorial Day by honoring and missing the military personnel in your family who died in service for our country! Hopefully you found some time to just relax, read, and enjoy the day with family and friends! Chrisman Public Library has access to numerous books on this holiday so come in and we'll help you find the right book for you!

We had a patron, who rather than drop her book in the book drop, came in to tell us how fabulous the book was for her reading to her family. The title is "I Love You Because You're You", written by Liza Baker and illustrated by David McPhail. The reading level of this book is 2.3 and worth ½ point for those interested in AR levels and points. The words are rhyming and charming! This is another book that all children should have in their personal library and take with them into adulthood! And pass on to their children! Very touching and heartwarming!

The Summer Reading Program will begin on June 2, 2025 for all school age children, in grades K-12 and adults! The theme this year is "Level Up at Your Library". This runs through August 8, 2025. We're trying something a little different this year! The children K-12 will read for minutes and the books must be within their reading level. Adults will also read for minutes. So, check out our website: <https://chrismanpubliclibrary.com>, our Facebook page, or come into the library and get started on Leveling Up at our Library!

Thank you to Towne and Countrie Garden Club for the beautiful flower pots and flowers that were placed along the Story Walk! We appreciate all the people responsible for helping beautify our community and square! We'd also like to thank the Chrisman Area Community Club for the flowers in the pots in front of the library and around town! Makes it homey and welcoming!
